SUMMARY

UI/UX Designer and Video Editor with 5+ years of experience designing web, mobile, and SaaS products and producing marketing and product videos for global clients. Skilled in user research, wireframing, prototyping, design systems, and motion graphics using Figma and Adobe Creative Suite. Uses AI tools to speed up research, design, and video production without compromising quality.

SKILLS

UI/UX Design: UI Design, UX Research, Wireframing, Prototyping, Design Systems, Usability Testing, Information Architecture, Responsive Design

Video & Motion: Video Editing, Motion Graphics, Product Demo Videos, Explainer Videos, Social Media Videos, Color Correction, Captions & Subtitles

Design & Video Tools: Figma, Adobe Premiere Pro, Adobe After Effects, Adobe Photoshop, Adobe Illustrator

AI Tools: ChatGPT, Claude, Midjourney, Runway, ElevenLabs.

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer & Video Editor

2020 – Present

Upwork (Freelance) | Global Clients (USA, Europe, Middle East)

- Designed web apps, mobile apps, SaaS dashboards, and marketing websites for startups, SMEs, and enterprise clients.
- Led end-to-end UX process: research, information architecture, wireframes, prototypes, usability testing, and high-fidelity UI in Figma.
- Built design systems and component libraries with developer-ready specs for consistent, faster product development.
- Edited and produced marketing videos, product demos, explainer videos, and motion graphics using Premiere Pro and After Effects.
- Used AI tools (ChatGPT, Claude, Midjourney, Runway, ElevenLabs) for research, concepts, scripts, voiceovers, and faster video production.
- Managed multiple international projects at once, delivering on time and building long-term client relationships.

UI/UX Designer

2025

The First Sol | Remote

- Designed web and mobile experiences in Figma: wireframes, user flows, high-fidelity UI, and interactive prototypes.
- Partnered with cross-functional teams to deliver consistent, usable interfaces aligned with business goals.

Product Designer

2023 – 2025

Scrape Owl | Remote

- Designed and optimized SaaS product experiences through user research, wireframing, prototyping, and UI design.

- Built and maintained a scalable design system across web platforms.
- Ran usability tests and analyzed user feedback to improve user flows and product adoption.

UI/UX Designer & Video Editor

2021 – 2022

Tezeract

- Designed user journeys, onboarding flows, and dashboards for web-based products with a focus on usability and accessibility.
- Produced video content, motion graphics, and visual assets for marketing and user engagement campaigns.

EDUCATION

BS in Computer Science — University of Karachi | 2019 – 2022
